

Changing Lives for Children & Families in Kenya

Thank you for supporting—or considering supporting—the Jirani Project! Because of you, 17 children and youth (ages 7–18) are receiving education, care, and opportunity in 2026. We currently support 9 girls and 8 boys, and their sense of community and mutual support is stronger than ever.

Education Updates

- 9 students attend Lumakanda Township Comprehensive School (near our office)
- 7 youth are enrolled in boarding schools
 - 3 students have started Senior Secondary (10th grade)
 - 2 boys are attending a technical school near Kisumu
 - 2 girls have returned to boarding high schools

Youth Spotlight

We are incredibly proud of Setty, who was selected as a Prefect (student leader) at Sulungai Girls High School! She attends alongside fellow Jirani students Elizabeth and Metrine. Their success is a powerful reminder that despite early-life challenges, these children are thriving.

Expanding Opportunities

- Our offline digital library (launched May 2025) continues to benefit students and the wider community
- Upcoming visit from Arizona State University students will:
 - Expand the library's capacity
 - Provide teacher training at the local school

You Make This Possible

Your support is transforming lives—and we invite you to continue making a difference:

Become a monthly donor

Give online: <https://jiraniproject.org/donate/>

Send a check using the enclosed envelope

(If you're new to Jirani, your name was kindly shared by a board member.)

Asante sana! (Thank you very much!) Together, we are building brighter futures.

SOME JIRANI HIGHLIGHTS
